Dear Provider:

Georgia Medicaid Policy and Billing will conduct (4) combined workshops for the DME/O&P Services Program during the month of October 2002. Representatives from Georgia Department of Community Health/Division of Medical Assistance will provide an overview of policy and EDS representatives will provide an overview of billing. These sessions will last approximately two to three hours. We encourage you to make arrangements to send a representative from your billing staff to one of the workshop locations listed below.
